Note:

1. This List is produced based on the TVET Quality Audit 2021/2022. Schools which were visited after the TVET Quality Audit as a reaction to their request for accreditation of new trades will have to consider the feedback provided by the accreditation reports and response letters.
2. TVET programs have been streamlined in order to articulate the pathways and ensure demand-driven, growth-oriented and technology led work. In line with that, some of the trades no longer have L1 and L2 as it was before. So, schools/ VTCs are only allowed to enrol students in Level one (1) or level two (2) based on available trades and levels as per Ministerial Order N° 002/MINEDUC/2021 of 20/10/2021 establishing curriculum in general, professional and technical and vocational basic education.
